

LUXURY LIVING Top and bottom: Brightwell Interiors showrooms. Centre: Holly and Julie Nicholls and Rosie Cattie of Brightwell Interiors

What is unique about your business?

When designing our own homes, we found it very hard to source interiors locally. We feel if you're spending a lot of money on something, you want to see it for yourself, not from a picture! Each season we hand pick an exquisite collection of sought-after designer pieces from across the world. We are the exclusive UK supplier of many brands we stock, so you are guaranteed to see something unique.

What is so special about your showroom?

Our showroom is more than 2,000 square metres; it's a renovated barn which is set out like a home, with living and dining spaces, a stunning bedroom – as well as a bespoke kitchen, luxurious bathrooms, outdoor living area and courtyard. Visit us for a coffee, and browse our inspiring showroom at your leisure, in its stunning country surroundings. The showroom is easily accessible and offers privacy and parking. Everything on show is for sale

Get the look of your dreams

Brightwell Interiors celebrates a year of success

so you don't always have the long lead times.

What services do you offer?

We provide a bespoke design service from start to finish on your project, or we can simply help with those all important finishing touches. Working in close consultation with you, we will provide a professional service to ensure your home is tailored to your needs.

How would you describe your style?

Our style is classic but with a mix of eclectic and contemporary elements. We source fabrics from Chelsea Harbour Design Centre, and each year we go to Paris for the "Maison and Objet" show, along with many other European fairs to be at the cutting edge of design.

What advice would you give to someone looking to work with you?

Have a look at our website, and then visit our showroom. Visiting an interior designer can be daunting but we want to make it a pleasant experience. We will listen to your requirements and discuss ideas and trends that are available within your budget. Once we have enough information together, we will produce a bespoke presentation for you.

What would you like to achieve in your second year of business?

We are very pleased with how our first

year has gone. If we could continue meeting new and old customers we will be very happy indeed. We are now starting projects in London which is very exciting. Our aim is to carry on creating more and more beautiful homes.

What were your highlights of your first year in business?

Our charity fashion show in November, raised £3,200 for the Children's Hospice EACH. It was also an honour to be asked to host a talk at our showroom for the renowned designer William Yeoward.
